Dear Students, Families, and Counselors,

Welcome to the Junior League of Montgomery's College and Career Night with signature sponsors Alabama Power Company and Auburn University at Montgomery! Since 1985, we have presented this event at no charge to high school students and their families as an opportunity for them to explore academic and career opportunities. We hope this resource guide will provide you with information to help you reach your post-secondary education and career goals.

We are deeply grateful to the many local businesses, clubs, and organizations that provide scholarships, grants, and loans to deserving students in our area. Their commitment to improving our community by supporting the pursuit of success by young people assures a brighter future for all of us.

A high school junior or senior attendee will receive a \$500 scholarship courtesy of the Junior League of Montgomery! In order to be eligible for the scholarship, you must enter to win during the event and be a high school junior or senior living in the River Region. A drawing to determine the scholarship winners will take place during College & Career Night.

The Junior League of Montgomery is an organization of women committed to promoting voluntarism, developing the potential of women, and improving the community through effective action and leadership of trained volunteers. Since 1926, we have donated countless hours and millions of dollars in financial support to the River Region. Each of our members not only give their time but dedicate themselves to serving our community.

This year's College and Career Night is possible because of the hard work of League members. Led by Lora Reynolds Evans and Jennifer DeBoer, they have given attendees a wide variety of colleges, universities, and career opportunities. We are so thankful for each of them!

In addition to College & Career Night, the League hosts several other events in the community. We invite you to participate in our Holiday Market, October 5-8, 2022, and the Women's Leadership Summit on March 10, 2023.

When you invest in the Junior League of Montgomery, you are helping strengthen families in the River Region. If you are interested in our events or membership, please visit our website at www.jlmontgomery.org for more information.

Students, we celebrate your academic achievements and wish you all the best as you pursue your educational and vocational goals!

Sincerely,

Ashley Killian White,
2022-2023 President Junior League of Montgomery

Paying for College: Grants, Loans, and Other Financial Aid Sources

Finding financial aid can seem overwhelming when you're trying to get ready for college or career school.

The U.S. Department of Education's Office of Federal Student Aid recommends:

Preparation

Scholarships and state aid can help cover the cost of college or career school, but you may find yourself in need of federal assistance.

1. Start with savings. Begin saving early.
2. Scholarships – Look for scholarships through your state or college as well as national and community organizations.
3. State Aid – Many states have college funding programs. Ask a guidance counselor or your college financial aid office for more information.

FAFSA

The FAFSA is the Free Application for Federal Student Aid and is the only way to apply for federal student aid. Many universities, colleges and trade schools REQUIRE you to fill out the FAFSA in order to be eligible to apply. The schools you list on your application will use FAFSA information to evaluate your financial need and determine how much federal aid you are eligible to receive. Many states and colleges also use information from your FAFSA to provide their own financial aid.

- Each October 1, the FAFSA is available for the upcoming school year. It is best to fill it out as early as you can because some aid is first come, first served.
- When you complete the FAFSA, you'll need to provide personal and tax information. If you've filed your taxes already, you may be able to automatically retrieve the information from the IRS. If you haven't, just estimate your tax information and update it later.
- Complete the FAFSA online at <https://studentaid.gov/h/apply-for-aid/fafsa>. Make sure to fill out and submit the FAFSA each year you are in college. There is NEVER a fee to fill the FAFSA out online, do not pay for FAFSA services or companies that advertise that they can help you get FAFSA money. The only legal and true way to get FAFSA money is to apply directly to them.
- After you submit your FAFSA, you'll receive your Student Aid Report (SAR). Your SAR summarizes the information on your FAFSA. Review it and make corrections if needed.
- Your FAFSA helps your school determine the types of federal student aid you are eligible to receive.

TYPES OF FEDERAL STUDENT AID

As the largest provider of financial aid, the U.S. Department of Education's Office of Federal Student Aid provides grants, loans, and work-study funds.

Grants: Grants are free money that does not have to be repaid.

Loans: Student loans are real loans (like a car or home loan) that need to be repaid with interest. Be sure to look for pay back dates and rates if you are planning to secure funding through this method.

Work-Study: A work-study job gives you the opportunity to earn money to help pay your educational expenses.

Disclaimer: Scholarship types and award amounts are subject to change at any time at the discretion of the institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.

GRANTS

A grant is a form of financial aid that doesn't have to be repaid (unless, for example, you withdraw from school and owe a refund, or you receive a TEACH Grant and don't complete your service obligation). A variety of federal grants are available, including:

- Pell Grants,
- Federal Supplemental Educational Opportunity Grants (FSEOG),
- Teacher Education Assistance for College and Higher Education (TEACH) Grants, and
- Iraq and Afghanistan Service Grants.

More information about grants can be found at <https://studentaid.gov/understand-aid/types/grants>

SCHOLARSHIPS

Many nonprofit and private organizations offer scholarships to help students pay for college or career school. This type of free money, which is sometimes based on academic merit, talent, or a particular area of study, can make a real difference in helping you manage your education expenses.

More information about scholarships can be found at <https://studentaid.gov/understand-aid/types/scholarships>

WORK-STUDY JOBS

The Federal Work-Study Program allows you to earn money to pay for school by working part-time. You'll earn at least the current federal minimum wage. However, you may earn more depending on the type of work you do and the skills required for the position. Your total work-study award depends on

- when you apply,
- your level of financial need, and
- your school's funding level.

More information about work-study can be found at <https://studentaid.gov/understand-aid/types/work-study>

LOANS

A loan is money you borrow and must pay back with interest. If you apply for financial aid, you may be offered loans as part of your school's financial aid offer. When you receive a student loan, you are borrowing money to attend a college or career school. You must repay the loan as well as interest that accrues. It is important to understand your repayment options so you can successfully repay your loan.

More information about loans can be found: <https://studentaid.gov/understand-aid/types/loans>

AID FOR MILITARY FAMILIES

There are special aid programs or additional aid eligibility for serving in the military or for being the spouse or child of a veteran.

If you’d like to be considered for any need-based program, you’ll also need to submit the Free Application for Federal Student Aid (FAFSA). We’ll use this information to connect you with programs that seem like the best fit for you.

If you are an incoming student and believe you will be eligible for Yellow Ribbon benefits, please notify the Office of Admissions immediately so that your financial aid can be adjusted in a timely fashion. Millsaps merit scholarships are not stacked on top of the Millsaps Yellow Ribbon award. However, if Yellow Ribbon benefits do not cover 4 years, the initial Millsaps merit scholarship will be made available to the student when Yellow Ribbon benefits expire.

To begin the process for VA Yellow Ribbon benefits, apply for Post-9/11 GI Bill benefits at <https://www.va.gov/education/how-to-apply/>. If you qualify for benefits, you will receive a Certificate of Eligibility (COE). Provide a copy of your COE to the Millsaps Office of Records. Along with your COE, you will also need to complete and return a VA Information Sheet, which can be downloaded at http://millsaps.edu/_resources/documents/form-va-information-sheet.pdf. Freshmen are awarded academic scholarships based on a combination of their standardized test score (ACT/SAT/CLT) and their high school GPA.

There is no deadline for academic scholarships, meaning this award can increase, according to our matrix, up until the time you enroll. For that reason, we encourage students to take standardized tests multiple times up until the point of enrollment.

Amounts below are awarded to students per year as long as the student maintains a minimum of a 2.5 GPA.

MC Select Scholars Competition

Incoming freshmen with a 27 or higher ACT score or a 1260 or higher SAT score are Select Scholars at Mississippi College. These scholars are invited to participate in the Select Scholar Competition (mc.edu/selectscholars) in the spring of their senior year. Here, a select number of students will be chosen for additional scholarships based upon an interview and submission of an essay, resume, and letters of reference.

Stackables

MC offers a variety of other scholarships for students who meet certain criteria. We call these “stackable” scholarships, as they will stack on top of your current award.

There is a \$2,000 cap on all stackable scholarships above the Academic and MC Grant awards. Commuters will receive 50% of the award amount listed below, up to a \$1,000 maximum stackable cap.

Some stackable scholarship funds are limited and will be awarded on a first-come, first-served basis.

- Alumni Dependent Scholarship - \$500 per year for students who are financially dependent upon a Mississippi College alumnus.
- Sibling Scholarship - \$500 per year for students who had a sibling who is either a current or former MC student.
- Christian Ministry Scholarship - \$1,500 per year for students who have publically surrendered to full-time ministry. Confirmation from the student’s home church is required.
- Ministerial Dependent Scholarship - \$1,500 per year for students who are financially dependent upon a full-time Baptist Minister.
- Valedictorian/Salutatorian Scholarship - \$1,000 per year for incoming freshmen who are classified as the valedictorian or salutatorian of their high school’s graduating class.
- National Merit Finalist/Semi-Finalist Scholarship - \$1,500 per year for incoming freshmen who are classified as National Merit Finalists or Semi-Finalists.
- Bible Drill Scholarship - The first place winner in the state level Mississippi Baptist Association Bible Drill tournament will receive full room and board. Second, third, and fourth place winners will receive full room.
- Eagle Scout/Gold Award - \$500 per year to students who achieved an Eagle Scout or Gold Award.

Disclaimer: Scholarship types and award amounts are subject to change at any time at the discretion of the institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.

Must provide documentation to confirm.

- Hillman Award - awarded to part-time commuters only who do not receive any other institutional aid.
- Phi Theta Kappa (for incoming freshmen): For incoming freshmen who completed dual enrollment in high school and joined their community college's Phi Theta Kappa honor society chapter. \$1,500 per year, subject to the stackable cap.
- Minority/First Generation College Student Scholarship: \$500 per year for minority applicants or college students who are the first person in their immediate family to attend college. This scholarship is subject to the stackable cap.

Need-Based Mississippi College Grants

On top of your academic award, you also could be eligible to receive additional scholarships based on your Estimated Family Contribution (EFC). This is determined by the FAFSA. Even if you do not qualify for anything other than loans through the FAFSA, we use a different formula that awards the majority of students additional scholarship amounts in what we call MC Grants. This can increase your award substantially. To find out what you may qualify for, take a few minutes to complete our Net Price Calculator (<http://www.mc.edu/npc>). This is an abbreviated, unofficial version of the FAFSA that should give you a good idea of what to expect in institutional scholarships and financial aid. If you have been accepted, you will receive a conditional scholarship offer based upon this NPC information. In order to officially receive the MC Grant, you must submit a FAFSA and your actual award will be based on this information. FAFSAs may be submitted beginning October 1.

Again, even if you don't think you will qualify for any financial assistance through the FAFSA, MC's formula is more generous and most students will qualify for additional monies. Find out what you will qualify for with our Net Price Calculator (<http://www.mc.edu/npc>).

SSU Scholarship Universe

It's time for your hard work to start paying off your school bills. Both University, Foundation, and external scholarship opportunities are available in SSU Scholarship Universe. There are two types of scholarships — direct award scholarships, and application scholarship (competitive scholarships).

For direct award scholarship, students are automatically considered for all awards for which they are eligible. Each year, your academic records will be reviewed to determine your eligibility for both merit-based and needs-based scholarships available. The minimum GPA of 2.0, and full time enrollment is required for most scholarship awards. Some scholarships have more stringent eligibility criteria (i.e. higher GPA requirement, enrollment status, classification restrictions , etc.)

For competitive scholarships, an application is required and the pool of students considered for the award is based on application submission. The competitive scholarships deadline is generally April 30th for University and Foundation Scholarships. Some individual scholarship applications have deadlines that are into the month of May. Note: Direct Award scholarships are awarded year-round as long as funding is available.

Students who are offered scholarship awards must accept the award offers prior to the communicated deadline for the award offer. Award offers that are not accepted, will be rescinded to allow for other students to receive the opportunity. All students who accept their award offers, must submit a letter of thanks within Scholarship Universe.

Disclaimer: Scholarship types and award amounts are subject to change at any time at the discretion of the institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.

Valdosta State University now offers in-state tuition to all residents of South Carolina, Florida, and Alabama who meet the requirements for admission.

The VSU Foundation and University Scholarships are established by private donors and awarded each year to students with excellent academic achievement and/or those students with financial need.

Common types of scholarships are merit-based scholarships, but there are also scholarships that are based on financial need, extracurricular activities, and volunteer work.

Merit Based Scholarships are awarded based on academic achievement, potential, leadership skills, extracurricular activities, community service and individual scholarship criteria regardless of financial need.

Need Based Scholarships are awarded to students who demonstrate financial need.

For consideration of need-based scholarships, students should complete the Free Application for Federal Student Aid (FAFSA) as they can and list VSU as an institution of intent (VSU’s Title IV School Code is 001599). Additional requirements for need based scholarships include leadership skills, community involvement and individual scholarship criteria will also be considered.

Regardless of your family’s income or your potential eligibility for a scholarship, complete the Free Application for Federal Student Aid (FAFSA) and all other financial aid documents required by the VSU Office of Financial Aid.

Students should read each scholarship description carefully. Some scholarships require the student to contact the donor or department directly to obtain application information.

Most scholarships offered through VSU are applied for through the VSU General Scholarship Application. Most scholarship deadlines are early in the Spring semester to be applied to the following academic year.

If you have any questions, please feel free to use our “Contact Us” form on any of our web pages, or call the VSU Office of Financial Aid at (229) 333-5935.

Each year Vanderbilt awards merit-based scholarships to applicants who demonstrate exceptional accomplishment and intellectual promise. These students represent the top 1 percent of all freshman applicants to Vanderbilt, and with the limited number of merit scholarships available, the selection process is very competitive.

All merit-based scholarships offered at Vanderbilt are renewable through four years of undergraduate study as long as the recipient maintains satisfactory academic performance. Each of the four undergraduate schools awards a number of scholarships proportionate to the school's enrollment. Financial need is not a factor unless otherwise indicated.

Ingram Scholars:

Students who plan to combine a professional or business career with an exceptional commitment to community service. The program supports students who are committed to developing their personal roles in the solution to societal problems and who have the maturity and initiative to lead positive social change.

Cornelius Vanderbilt Scholars:

Students who combine outstanding academic achievement with strong leadership and contributions outside the classroom.

Chancellor's Scholars:

Students with outstanding high school records who have worked to build strong high school communities by bridging gaps among economically, socially, and racially diverse groups and who have demonstrated significant interest in issues of diversity education, tolerance, and social justice.

The approximately 250 recipients of these scholarships — one of our three signature scholarship programs — are guaranteed full-tuition awards plus summer stipends for study abroad, research or service projects. Applying For Snead State Scholarships

Create an account and complete an online scholarship application.

Your responses to questions will match you with scholarships for which you meet minimum criteria. Qualifications for each scholarship may be found in the scholarship details. You will be considered for all scholarships that you meet minimum requirements.

All scholarships require students to include a narrative (250 words or less) describing their educational and career goals and a short narrative describing why they believe they should receive a scholarship.

The application requires that students upload a transcript (can be official or unofficial).

Students do not have to be eligible for federal aid in order to qualify for all scholarships; however, all scholarships require the completion of a FAFSA (Free Application for Federal Student Aid). Students are required to upload a confirmation page of a FAFSA submission as part of the online scholarship application. Complete the FAFSA at fafsa.ed.gov in early October. The school code for Snead State is 001038.

In addition to submitting the online scholarship application, some scholarships require an audition or portfolio before a student is selected. Contact Dr. Hudson at barbara.hudson@snead.edu to schedule an audition for music/fine arts scholarships. Art portfolios need to be submitted to Dr. Hudson for consideration of Art scholarships.

At the current time, only US Citizens or US Permanent Residents are eligible for institutional scholarships.

Only complete applications with all supporting documentation will be considered for awards. In addition to the scholarship application, a completed application for admission must also be on file with the college before the scholarship can be awarded.

For more information, contact the Financial Aid Office at (256) 840-4107 or finaid@snead.edu.

DEAN B. ALBRITTON MEMORIAL SCHOLARSHIP

The Dean B. Albritton Memorial Scholarship was established in memory of Dean Albritton. Dean Albritton was a fervent follower of Christ. Her journey of faith is well documented in her books, *Misplaced Heart* and *The Yellow Butterfly*. Dean’s love of Christ made her passionate about ministry to the poor in her community and across the world. This scholarship will honor Dean’s conviction that education is the pathway out of poverty and the doorway to a life of service to others. The scholarship was created by Dean’s husband, Walter Albritton, and her four sons as a tribute to her remarkable legacy of faith. “For more than 68 years,” Walter said, “Dean served Christ alongside me as an inspiring and encouraging companion in the ministry of our Lord Jesus. She was an authentic servant of Jesus Christ.”

Following are tributes to their mother by her sons:

Dean Albritton was a spirit-filled servant of Jesus Christ. Her passion was to share the Good News of her Lord Jesus Christ. It did not matter who you were, if you had never heard of Jesus she was ready to share the hope that was in her heart. The example she set as a woman of faith will live on forever in the lives she touched. I thank God that I was one of those lives. – Matt Albritton

Dean Albritton was forever my greatest supporter. I loved, trusted and believed her every word. I always thanked God for the examples she showed me of how to live a good life in Christ. She never stopped being the great encourager of me and my family. I miss so much the beautiful joy of her Christ-filled heart. – Mark Albritton

Dean Albritton was many things to many different people; to me she was a wonderful mother who molded and shaped my life in so many different ways and I am now only discovering the depth of this after her passing. I trust that now through this scholarship she will continue to shape young

lives for good. Glory to God for a godly mother. – Tim Albritton

Dean Albritton was a survivor. She dealt with many hopeless situations in her own life and always found hope. This strength held her up but also provided hope to so many thousands of people in her walk on this earth. For her family for sure but so many other hurting people. She was at her best providing healing for the hurting. – Steve Albritton
