

2022 - 2023 Project Proposal

The Junior League of Montgomery, Inc. is an organization of women committed to promoting voluntarism, developing the potential of women, and improving the community through the effective action and leadership of trained volunteers.

Its purpose is exclusively educational and charitable.

Since its inception in 1926, *The Junior League of Montgomery* (JLM) has awarded millions of dollars to various organizations in Montgomery. The Junior League is unique in that volunteers accompany each financial award. The following guidelines are meant to assist you in determining the best way to partner with the Junior League in serving the community.

Project Proposal Guidelines

The project must address a significant community need and fall within our focus area of "Strengthening Families." We are committed to this focus by identifying and participating in programs that promote parenting skills, positive development, and education of all children and youth, support the elderly and the medically underserved, and strengthen the community.

All project proposals must be received by a designated-profit agency that is a 501(c) (3) organization. A Junior League project "Year" runs from June 1 to May 31.

The project should ideally utilize 8-25 volunteers for 15-20 hours each in a meaningful way. A minimum of 8-10 volunteers must be used in the project. Priority will be given to proposals that offer a variety of clearly defined volunteer opportunities.

Project Review Process

The completed proposal is due by <u>11:59 PM</u> Friday, August 19, 2022. Please submit a pdf copy of the completed proposal and any required attachments to <u>ilmcommresearch@gmail.com</u>. We no longer accept handwritten forms. **The proposal and required attachments must be submitted in 1 (one) single pdf.** We cannot make exceptions to the filing deadline.

After you submit your proposal, you will be contacted by a Community Research Committee member to discuss your proposal, and a site visit may be scheduled. This will occur after September 6, 2022.

The Committee members will thoroughly review each submitted proposal, and after the review process, the CRC will make a recommendation to the Junior League Board of Directors.

The full JLM membership will vote on proposed projects in February 2023.

Projects are not <u>officially</u> accepted until a minimum number of Junior League members volunteer to staff the project. Thus, a membership-approved project can be denied funding if members do not choose to volunteer for the project.

A contract between the Junior League and the sponsoring organization of each accepted project will be signed in May 2023. Checks will be presented to the selected organizations at that time. Applicants not receiving funding will be notified via email by March 2023.

If you have any questions, please get in touch with the Community Research Chair,
Ashley Tarrant, at jlcommresearch@gmail.com.
