Dear Students, Families, and Counselors:

Welcome to the Junior League of Montgomery's College and Career Night with Signature sponsor Alabama Power! Since 1985, we have presented this free event for high school students and their families to explore academic and career opportunities. We hope this resource guide will provide you with information to help you reach your post-secondary education and career goals.

We are deeply grateful to the many local businesses, clubs, and organizations that provide scholarships, grants, and loans to deserving students in our area. Their commitment to improving our community by supporting young people's success assures a brighter future for all of us.

A High School Junior or Senior attendee will receive a \$500 scholarship courtesy of the Junior League of Montgomery! To be eligible for the drawing, you must enter during the event and be a High School Junior or Senior living in the River Region.

The Junior League of Montgomery is an organization of women committed to promoting voluntarism, developing women's potential, and improving the community through effective action and leadership of trained volunteers. Since 1926, we have donated countless hours and millions of dollars in financial support to the River Region. Each year our members not only give their time but dedicate themselves to serving our community.

This year's College and Career Night is possible because of its Committee members' determination and work. Led by Amerika Blair and Lora Reynolds Evans, they have given attendees a wide variety of colleges, universities, and career opportunities. We are so thankful for each of them!

Last year, College and Career Fair pivoted to a virtual platform because of the commitment to providing resources to high school students and their parents amid the global pandemic. This innovation won the AJLI Award for Innovation 2021! Thank you to all who made this possible.

The Junior League of Montgomery invites you and your families to participate in our Holiday Market, October 6th – 9th, 2021, Women's Leadership Summit – March 2022, and The Rummage Sale – April 1st and 2nd, 2022.

When you invest in the Junior League of Montgomery, you are helping to strengthen families in the River Region. If you are interested in our events or membership, please look at our [www.jlmontgomery.org](http://www.jlmontgomery.org) for more information.

Students, we celebrate your academic achievements and wish you all the best as you pursue your educational or vocational goals!

Sincerely,

Marie Wise Styles,  
2021-2022 President Junior League of Montgomery

## **Paying for College: Grants, Loans, and Other Financial Aid Sources**

Finding financial aid can seem overwhelming when you're trying to get ready for college or career school.

The U.S. Department of Education's Office of Federal Student Aid recommends:

### **Preparation**

Scholarships and state aid can help cover the cost of college or career school, but you may find yourself in need of federal assistance.

1. Start with savings. Begin saving early.
2. Scholarships – Look for scholarships through your state or college as well as national and community organizations.
3. State aid – Many states have college funding programs. Ask a guidance counselor or your college financial aid office for more information.

### **FAFSA**

The FAFSA is the Free Application for Federal Student Aid and is the only way to apply for federal student aid. Many universities, colleges and trade schools REQUIRE you to fill out the FAFSA in order to be eligible to apply. The schools you list on your application will use FAFSA information to evaluate your financial need and determine how much federal aid you are eligible to receive. Many states and colleges also use information from your FAFSA to provide their own financial aid.

- Each October 1, the FAFSA is available for the upcoming school year. It is best to fill it out as early as you can because some aid is first come, first served.

- When you complete the FAFSA, you'll need to provide personal and tax information. If you've filed your taxes already, you may be able to automatically retrieve the information from the IRS. If you haven't, just estimate your tax information and update it later.

- Complete the FAFSA online at <https://studentaid.gov/h/apply-for-aid/fafsa>. Make sure to fill out and submit the FAFSA each year you are in college. There is NEVER a fee to fill the FAFSA out online, do not pay for FAFSA services or companies that advertise that they can help you get FAFSA money. The only legal and true way to get FAFSA money is to apply directly to them.

- After you submit your FAFSA, you'll receive your Student Aid Report (SAR). Your SAR summarizes the information on your FAFSA. Review it and make corrections if needed.

- Your FAFSA helps your school determine the types of federal student aid you are eligible to receive.

### **TYPES OF FEDERAL STUDENT AID**

ucation's Office of Federal Student Aid provides grants, loans, and work-study funds.

**Grants:** Grants are free money that does not have to be repaid.

**Loans:** Student loans are real loans (like a car or home loan) that need to be repaid with interest. Be sure to look for pay back dates and rates if you are planning to secure funding through this method. **Work-**

**Study:** A work-study job gives you the opportunity to earn money to help pay your educational expenses.

## GRANTS

The U.S. Department of Education offers a variety of federal grants to students attending four-year colleges or universities, community colleges, and career schools.

- Federal Pell Grants
- Federal Supplemental Educational Opportunity Grants (FSEOG)
- Teacher Education Assistance for College and Higher Education (TEACH) Grants
- Iraq and Afghanistan Service Grants

### Federal Pell Grant Program

To get a Pell grant, you must complete the:

- Free Application for Federal Student Aid (FAFSA) Quick information on Pell grants:
- A Federal Pell Grant, unlike a loan, does not have to be repaid.
- The maximum Pell grant for 2021-22 award year (July 1, 2021, to June 30, 2022) is \$6,495.00. Check the FAFSA website for 2022-2023 award year.
- The amount depends on your financial need, costs to attend school, status as a full-time or part-time student, and plans to attend school for a full academic year or less.

### Program Description

- The Federal Pell Grant Program provides need-based grants to low-income undergraduate and certain post-baccalaureate students to promote access to postsecondary education. Students may use their grants at any one of approximately 5,400 participating postsecondary institutions. Grant amounts are dependent on: the student's expected family contribution (EFC) (see below); the cost of attendance (as determined by the institution); the student's enrollment status (full-time or part-time); and whether the student attends for a full academic year or less. Students may not receive Federal Pell Grant funds from more than one school at a time.
- Financial need is determined by the U.S. Department of Education using a standard formula, established by Congress, to evaluate the financial information reported on the Free Application for Federal Student Aid (FAFSA) and to determine the family EFC. The fundamental elements in this standard formula are the student's income (and assets if the student is independent), the parents' income and assets (if

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

the student is dependent), the family's household size, and the number of family members (excluding parents) attending post-secondary institutions. The EFC is the sum of: (1) a percentage of net income (remaining income after subtracting allowances for basic living expenses and taxes) and (2) a percentage of net assets (assets remaining after subtracting an asset protection allowance). Different assessment rates and allowances are used for dependent students, independent students without dependents, and independent students with dependents. After filing a FAFSA, the student receives a Student Aid Report (SAR), or the institution receives an Institutional Student Information Record (ISIR), which notifies the student if he or she is eligible for a Federal Pell Grant and provides the student's EFC.

- Federal Pell Grants are direct grants awarded through participating institutions to students with financial need who have not received their first bachelor's degree or who are enrolled in certain postbaccalaureate programs that lead to teacher certification or licensure. Participating institutions either credit the Federal Pell Grant funds to the student's school account, pay the student directly (usually by check) or combine these methods. Students must be paid at least once per term (semester, trimester, or quarter); schools that do not use formally defined terms must pay the student at least twice per academic year.

### **Federal Supplemental Educational Opportunity Grant (FSEOG) Program**

- The FSEOG Program provides need-based grants to help low-income undergraduate students finance the costs of postsecondary education. Students can receive these grants at any one of approximately 3,800 participating postsecondary institutions. When making FSEOG awards, the institution must give priority to those students with "exceptional need" (those with the lowest Expected Family Contributions, or EFCs, at the institution) and those who are also Federal Pell Grant recipients.

- A participating institution applies each year for an FSEOG allocation by submitting a Fiscal Operations Report and Application to Participate (FISAP) to the U.S. Department of Education. Using a statutory formula, the Department allocates funds based on the institution's previous funding level and the aggregate need of eligible students in attendance in the prior year. Institutions must contribute 25 percent of the award amounts.

- Students must file a Free Application for Federal Student Aid (FAFSA) as part of the application process for an FSEOG.

### **Teacher Education Assistance for College and Higher Education (TEACH) Grants**

A Teacher Education Assistance for College and Higher Education (TEACH) Grant is different from other federal student grants because it requires you to take certain kinds of classes in order to get the grant, and then do a certain kind of job to keep the grant from turning

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

into a loan.

- The TEACH Grant Program provides grants of up to \$4,000 a year to students who are completing or plan to complete coursework needed to begin a career in teaching.
- Due to sequestration, award amounts for any TEACH Grant that is first disbursed on or after Oct. 1, 2021, and before Oct. 1, 2022, must be reduced by 5.7 percent from the award amount for which a recipient would otherwise have been entitled.
- As a condition for receiving a TEACH Grant, you must sign a TEACH Grant Agreement to Serve in which you agree to (among other requirements) teach in a high-need field or at an elementary school, secondary school, or educational service agency that serves students from low-income families for at least four complete academic years within eight years after completing (or ceasing enrollment in) the course of study for which you received the grant. *Important: If you do not complete your service obligation, all TEACH Grant funds you received will be converted to a Direct Unsubsidized Loan. You must then repay this loan to the U.S. Department of Education, with interest charged from the date the TEACH Grant was disbursed (paid to you or on your behalf).*

### **Iraq and Afghanistan Service Grant**

Like other federal grants, Iraq and Afghanistan Service Grants provide money to college or career school students to help pay their education expenses. However, Iraq and Afghanistan Service Grants have special eligibility criteria.

You may be eligible to receive the Iraq and Afghanistan Service Grant if you are not eligible for a Federal Pell Grant on the basis of your Expected Family Contribution, but meet the remaining Federal Pell Grant eligibility requirements, and your parent or guardian was a member of the U.S. armed forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11, and you were under 24 years old or enrolled in college at least part-time at the time of your parent's or guardian's death.

## **LOANS**

If you apply for financial aid, you may be offered loans as part of your school's financial aid offer. A loan is money you borrow and must pay back with interest.

If you decide to take out a loan, make sure you understand who is making the loan and the terms and conditions of the loan. Student loans can come from the federal government or from private sources such as a bank or financial institution. Loans made by the federal government, called federal student loans, usually offer borrowers lower interest rates and have more flexible repayment options than loans from banks or other private sources.

The William D. Ford Federal Direct Loan (Direct Loan) Program is

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

the largest federal student loan program. Under this program, the U.S. Department of Education is your lender. There are four types of Direct Loans available:

- Direct Subsidized Loans are loans made to eligible undergraduate students who demonstrate financial need to help cover the costs of higher education at a college or career school.
- Direct Unsubsidized Loans are loans made to eligible undergraduate, graduate, and professional students, but in this case, the student does not have to demonstrate financial need to be eligible for the loan.
- Direct PLUS Loans are loans made to graduate or professional students and parents of dependent undergraduate students to help pay for education expenses not covered by other financial aid.
- Direct Consolidation Loans allow you to combine all of your eligible federal student loans into a single loan with a single loan servicer.

### **Direct Loans**

- Subsidized and unsubsidized loans are federal student loans for eligible students to help cover the cost of higher education at a four-year college or university, community college, or trade, career, or technical school. The U.S. Department of Education offers eligible students at participating schools Direct Subsidized Loans and Direct Unsubsidized Loans.
- To receive either type of loan, you must be enrolled at least half-time at a school that participates in the Direct Loan Program. Generally, you must also be enrolled in a program that leads to a degree or certificate awarded by the school.

### **Direct Subsidized Loans**

- Have slightly better terms to help out students with financial need. Direct Subsidized Loans are available to undergraduate students with financial need.
- Your school determines the amount you can borrow, and the amount may not exceed your financial need.
- The U.S. Department of Education pays the interest on a Direct Subsidized Loan while you're in school at least half-time, for the first six months after you leave school (referred to as a grace period), and during a period of deferment (a postponement of loan payments).

### **Direct Unsubsidized Loans**

- Direct Unsubsidized Loans are available to undergraduate and graduate students; there is no requirement to demonstrate financial need.
- Your school determines the amount you can borrow based on your cost of attendance and other financial aid you receive.
- You are responsible for paying the interest on a Direct Unsubsidized Loan during all periods.

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Institution awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

- If you choose not to pay the interest while you are in school and during grace periods and deferment or forbearance periods, your interest will accrue (accumulate) and be capitalized (that is, your interest will be added to the principal amount of your loan).

### **Direct Plus Loans**

PLUS loans are federal loans that graduate or professional degree students and parents of dependent undergraduate students can use to help pay education expenses. The U.S. Department of Education makes Direct PLUS Loans to eligible borrowers through schools participating in the Direct Loan Program. Here's a quick overview of Direct PLUS Loans:

- The U.S. Department of Education is the lender.
- The borrower must not have an adverse credit history. The maximum loan amount is the student's cost of attendance (determined by the school) minus any other financial aid received.

### **Direct Consolidation Loans**

A Direct Consolidation Loan allows you to consolidate (combine) multiple federal education loans into one loan. The result is a single monthly payment instead of multiple payments.

All Belmont students are automatically considered for any and all merit-based scholarships solely by applying to Belmont. Generally, merit-based scholarships range from \$3,000 to \$10,000. These awards are awarded on a rolling basis and is reviewed holistically, based on all pieces of your application file (GPA, rigor of curriculum, involvement, leadership opportunities).

### **Merit Scholarship Aid:**

- The application for admission to the university also serves as the application for merit scholarship.
- General Freshman Academic Merit Scholarships are awarded on a rolling basis following the offer of admission.
- December 1 is the priority application deadline for consideration for Belmont's most competitive named and departmental scholarships. All components of the application for admission must be received by this date for the applicant to be deemed eligible for consideration.
- Notification of named and departmental scholarship recipients will be sent by early March.
- In most cases, students may receive only one merit award. For exceptions, see the list of individual scholarships below.
- Traditionally, about 60 percent of those students admitted as freshmen will receive a merit scholarship.

**General Academic Merit Scholarships:** General Academic Merit Scholarships range from \$3,000 to \$10,000 annually. Admitted freshmen with academic credentials that meet or exceed the University's freshman class profile are considered competitive candidates for these awards. The freshman class entering fall 2020 had an average ACT composite score of 27 or SAT score of 1213, with a cumulative high school GPA of 3.7 on a four-point scale. These awards are reviewed holistically, based on all pieces of your application file (GPA, rigor of curriculum, involvement, leadership opportunities).

A named scholarship generally replaces a general academic merit scholarship previously awarded.

**Archer Presidential Scholarship:** The Archer Presidential Scholarship is Belmont's most competitive scholarship, awarded to approximately five incoming freshmen. The scholarship provides full tuition, room, board, books, and fees for four academic years (eight semesters) of continuous study. Traditionally, 12 finalists are invited to personally interview on campus for this award. Selection criteria include a review of academic and leadership accomplishments. Demonstrated financial need may be considered, therefore submission of the Free Application for Federal Student Aid (FAFSA) is required for those selected for the scholarship. Candidates for the Presidential Scholarship will have a minimum composite score of 30 on the ACT or SAT score of 1360.

**William Randolph Hearst Endowed Scholarship:** One scholarship covering full tuition, room, board, books, and fees for a freshman student from a diverse background.

Valdosta State University now offers in-state tuition to all residents of Alabama who meet the requirements for admission.

The VSU Foundation and University Scholarships are established by private donors and awarded each year to students with excellent academic achievement and/or those students with financial need.

Merit Based Scholarships are awarded based on academic achievement, potential, leadership skills, extracurricular activities, community service and individual scholarship criteria regardless of financial need. Need Based Scholarships are awarded to students who demonstrate financial need.

For consideration of need-based scholarships, students should complete the Free Application for Federal Student Aid (FAFSA) as they can and list VSU as an institution of intent (VSU's Title IV School Code is 001599). Regardless of your family's income or your potential eligibility for a scholarship, complete the Free Application for Federal Student Aid (FAFSA) and all other financial aid documents required by the VSU Office of Financial Aid.

Most scholarships offered through VSU are applied for through the VSU General Scholarship Application. If you have any questions, please feel free to use our "Contact Us" form on any of our web pages, or call the VSU Office of Financial Aid at 229-333-5935.

Each scholarship has its own eligibility requirements, but awards are usually based on academic qualifications, leadership potential, community service, and financial need.

**ROTC Scholarships (ECP Program):** If you meet the qualification requirements for acceptance into the Early Commissioning Program and have a high school GPA of 2.5 (on a 4.0 scale), then you qualify to compete for an Army Two-Year Scholarship worth more than \$20,000 per year in total benefits. Substantial benefits paid by the Army can accrue to college-level ROTC cadets, benefits which can significantly reduce the cost of attending Marion Military Institute. The Army will pay Advanced ROTC (ECP) college cadets (those taking Military Science III or Military Science IV) a one-time uniform allowance of approximately \$1,272.

In addition, advanced course cadets are paid a subsistence allowance of \$450 per month for Military Science III cadets and \$500 per month for Military Science IV cadets for nine months of each academic year. Uniform allowances are paid by the Army directly to individual cadets about midway through the first year and midway through the second year.

Distinguished Young Women is the oldest and largest scholarship program for high school girls. Last year, we made more than \$1 billion in cash tuition and college-granted scholarships available nationally.

Scholarships are available in two ways: cash tuition scholarships (which can be used at any accredited institution of higher learning) and college-granted scholarships (over 100 colleges and universities offer scholarships to program participants – several scholarships are available just for taking part in a local or state program.)

**Cash Scholarships:** Last year, participants received more than \$2.1 million in cash scholarships through our programs across the nation.
